## Welcome Back Curlers....

We had a busy summer and already feel as though we are in full swing even though many of you are just walking in the door for the first time this season.

We hosted the World Police & Fire Games the first week of August, which meant Norm was making ice during that intense heat wave we had this summer! It was a very successful event. Many thanks to Bob Byrne for stepping back into the office to help it run, and all the volunteers who came out to assist with the event.

### NEW KITCHEN....

I hope everyone will help us welcome and support, our new kitchen ~ Golly's Gourmet Foods, owner Gulzar Rasul!

Not only will she be providing us with fabulous homemade meals, but she will also have meals to go so you can feed your families.

### NEW ICE STAFF...

We are happy to welcome back Norm as our Head Ice Tech and look forward to working with Stephanie Cambrey, his new Assistant. Reid Mydske is also back and watch for Craig Matthews who has also joined the Ice Crew Team.

### NEW PRO SHOP

We are happy to have On The Rocks Curling Store stock our Pro shop this year. Tricia Henry, Jacquie Hruby and Amanda Tipper will be in the Pro Shop evenings and weekend to help you find that perfect new piece of equipment!.
